

How to obtain your
OHIO RADIOLOGY CERTIFICATE
through the Cincinnati Dental Society Effective January 1, 2022

The Ohio Radiology Certificate is issued by the Ohio State Dental Board (OSDB). Before a dental assistant can apply for their certificate, they must complete a training course which has been approved by the OSDB. The Cincinnati Dental Society offers a home study course, which has been approved by the OSDB. The individual will work at their own pace under the supervision of a dentist. The following steps provide you with the necessary information needed to successfully obtain your Ohio Radiology Certificate.

Step 1

Visit our website at www.cincinnati-dental.org or contact the Cincinnati Dental Society's Executive Office, (513)984-3443, to order the "Introduction to Basic Concepts in Dental Radiography" manual. The cost of the manual is as follows

*Staff of Cincinnati Dental Society Members - \$110 * Staff of American Dental Society Members - \$125
Staff of Non-American Dental Society Members - \$140*

Step 2

Study the manual completely and take the post-test which is in the back of the manual. There will be an answer sheet included with your packet of information.

Step 3

Mail the answer sheet to the Cincinnati Dental Society, 9200 Montgomery Rd., #21-A, Cincinnati, OH 45242. We will grade the test and send you a letter stating whether you passed.

Step 4

Once you receive the letter stating you passed the test, begin the clinical training. This training is also required to successfully pass the home study course. There will be an "Affidavit of Clinical Radiography Training" sheet in your packet of information. This form must be completed by the dentist who supervised your training.

Step 5

Mail the affidavit to Cincinnati Dental Society, 9200 Montgomery Rd., #21-A, Cincinnati, OH 45242. Upon receipt of the affidavit our office will issue you a "Radiology Class Record". This shows proof that you successfully completed the required course needed to obtain your Ohio Radiology Certificate.

Step 6

To apply for your Radiography Certificate, follow the directions, "Registration through the Portal" (included in your packet) from the Ohio State Dental Board. If you experience difficulties with the OSDB's process, please contact them directly at 614-466-2580. **DO NOT CONTACT THE CINCINNATI DENTAL SOCIETY.** Upon OSDB'S APPROVAL, THEY WILL SEND YOU A Radiology Certificate. Only after you receive this certificate are you allowed to take radiographs in your dental office.

If you have any questions regarding the above steps, please contact our office at (513) 984-3443.
