Brush Them All!

Cincinnati Dental Society's Preferred Provider Presents!

Dear Cincinnati Dental Society Member,

Contactless Payment Processing

Process All Credit Card Payments In A Safe, Secure & Contactless Environment

Midwest Payment Processing, one of our 2022 Preferred Providers, is a Cincinnati based company that can assist your office today with establishing a **Contactless Payment Processing** environment that's safe for your patients and your staff.

To date, Cincinnati Dental Society Members have saved \$300,000+ in annual credit card processing fees with Midwest Payment Processing and that savings continues to grow.

Benefits:

- The credit card never leaves the patients hand therefore reducing contact between your staff and the customer
- EMV Chip Card Acceptance
- A customer receipt can be printed
- 100% PCI Secure
- Keep your same business checking account for daily deposits
- Lower processing fees

Contact Info for Midwest Payment Processing:

- Julie Joseph
- 513.236.2851

Fast ~~Food~~ Teeth?

In 1921, White Castle opened the first fast food restaurant in the United States. By the 1950s the fast-food revolution was booming with busy families wanting to eat in front of their new TVs without having to cook. Businesses were born to be fast in America. We are trained to find ways to do things faster than our peers. Benjamin Franklin said, "Remember that time is money." Every business owner knows this evergreen statement to be true. The business of dentistry is not an exception: the faster I can do a filling, the more money I can make.

This concept doesn't quite hold true when we talk about esthetic or surgical dentistry where we slow down the process. Treatments like full arch implant cases are typically more time consuming because they require planning with colleagues, dental labs, and multiple appointments with the patient. However, there are companies that say they can do these procedures faster and cheaper. So, who is the fast food of dentistry? Snap on Smile, owned by DentMat, offers dentists an option for full arch temporaries at a low cost. Smile Direct Club, which offers orthodontics directly to consumers, has been around since 2014 and is worth a half a billion dollars. I recently saw a new company, Pop On Veneers, on my Facebook feed. I was horrified by their advertisement but couldn't look away. You can get "top and bottom veneers," within a week, for \$549!

How can we compete? We can increase efficiencies within our practice that give a direct benefit to our patient. Text message confirmations, two-way messaging, digital scanning and milling, continuing education, and 3D printers are all ways that we can stay relevant in the fast-paced world.

In some ways, we just can't compete. If someone wants to use Smile Direct Club, we will not be able to change their minds. What we can do is stay informed about these businesses so that we can intelligently educate our patients on their benefits, their limitations, and how they may affect our patients' long-term goals. If necessary, we can part ways with patients who do not fit our practice philosophy. We can also set better expectations for ourselves. I know that I cannot make every patient happy, I cannot provide every service possible, and I cannot give away my services for free. If you can set up boundaries and manage your

How can we compete? ...
What we can do is stay informed about these businesses so that we can intelligently educate our patients on their benefits, their limitations, and how they may affect our patients' long-term goals.

own expectations, then you can continue to practice dentistry the way you want. There will always be the new fast food of dentistry, we just need to learn to live with it while controlling what we can in order to run the best business possible.

ONE_{TO}ONE

June Council Meeting Minutes

June 6, 2022

By: Victoria Nixon, Executive Director for Dr. Mary Ann Hanlon, Secretary

Call to Order: President, Dr. Ruchika Khetarpal, called the meeting to order at 6:35 pm.

Roll Call:

Members Present: Bennet, Brandt, Dagher, Dorr, Heck, Kelley, Khetarpal, Murphy, Newby, Osterday, Perrino, Schaeffer, Stadiem, Wayne Wauligman, Wessell, and Yauss.

Members Absent: Hanlon, Parker, and Poole.

Special Guest: Dr. Steve Moore and Dr. David Vorherr, Keely Dental Society.

Executive Director Present: Vicki Nixon

A quorum was present. The April Council Meeting Minutes were unanimously approved as posted.

Guests Presents:

Dr. David Vorherr presented a Resolution approved by the membership of Keely Dental Society, which they plan to submit for ODA House approval regarding a name change from Keely Dental Society to Keely Dental Society of Southwestern Ohio. Since Southwestern Ohio includes two counties (Clermont and Hamilton) that are part of the Cincinnati Dental Society's jurisdiction, CDS Council suggested that Keely consider renaming their society to "Keely Dental Society of Butler County" to better identify the jurisdiction of Keely. Dr. Vorherr and Dr. Moore appreciated the discussion and will take this suggestion back to their membership.

President's Report: Dr. Ruchika Khetarpal

- The following ODA Council positions are up for renewal and each CDS member wishes to renew for another term: Access to Dental Care (Dr. Oberlander), Dental Care Programs and Dental Practice (Dr. Heck), and Membership Services (Dr. Eichler).
- The policy on "ODA and ADA Delegate and Alternate Delegate" prepared by the task force (Drs. Bennet, Heck, Kelley, Khetarpal, and Schaeffer) was presented for discussion. Slight changes were made and a motion by Khetarpal was made to accept these changes to the new policy, second by Heck, all were in favor. Vicki will make the changes and distribute to Council via email. This policy will be discussed at the Cincinnati's Subdistrict 9 meeting on August 15, 2022.

Treasurer's Report: Dr. Monica Newby

The 2021 IRS 990 tax return (first page only) was distributed to Council. The Finance Committee approved the 990 and requests that Council approve for filing to the IRS. Dr. Wauligman asked the reason for the large surplus. Two main reasons for this surplus; fewer expenses than budgeted and the receipt of the PPP loan, which was forgiven. Dr. Newby made a motion to file the approved 2021 IRS 990, second by Wauligman, all in favor.

Executive Director's Report: Vicki Nixon

- The annual shredding event was a success, and we appreciate the support of Brian Bartish, Attorney-Founder of Kybernan Legal Solutions. He is interested in supporting our event again next year.
- The 2023 Continuing Education booklet will be ready for distribution to our members by August 1st.
- It is Vicki's hope that she can begin working on the revised Membership Directory soon, however, with a temporary personal leave of her assistant, this may need to be pushed into August. Based on the survey, about 50% of the members wish to receive the directory electronically, the balance in hard copy.

CDS Committee updates:

Oral Health Foundation: Dr. Ken Brandt

- We are still waiting for a final meeting with the VA to determine if they will be able to assist us with identifying veterans that need our "Leave No Vet Behind" program. Our annual screening for 2022 is

June Council Meeting Minutes *(continued)*

November 12th at Crest Smile Shoppe. Vicki sent out volunteer opportunities to our members and will follow-up with another email in the next month.

- The “Jack W. Gottschalk, DDS Notable Service Award ceremony was well attended, and all recipients were incredibly happy to be recognized for their efforts.

Finance: Reported above.

Membership: Dr. Rick Yauss

- The “Think, Eat, and Get Trivial” recruitment event went well, and we came under budget. However, the outcome was not as the task force anticipated. We had 4 non-members attend by personal invitation, out of over 100 non-members that were sent an invitation. Moving forward, the committee decided to focus their energy on inviting non-members to CDS Member Events (personal invite) and encouraging new members to become more involved by attending more CDs Member Events and CDS Socials (personal invite as well).
- As of May 18, 2022, there are 42 non-renewals, which 60% are full active members. This directly impacts our dues income of close to \$12,000.
- New members presented: Ronald Freeman, Deanna LeCroix, Vinella Redla, Christine Shi, and Tyler Thompson, 4 are from group practices.
- Our “Speedy CE-Modern Topics in Dentistry” event is scheduled for October 17, 2022 at Fueled Collective and we are close to being able to market this event.
- CDS Socials are starting up again with the next one June 16, 2022 at Brink Brewery, hosted by Drs. Brandt, Dorr, and Yauss. Vicki will prepare a new member contact list and distribute to the committee and Council in hopes they may personally invite a new member or any member to this event. Dr. Michael Vieth will be hosting the August social and Dr. Grace Eichler the November social.
- New member services being worked on include bank of interview questions and app, GroupMe, to be used as reminders of upcoming events. The bank of interview questions created by task force members (Drs. Grace Eichler, Rob Ghering, Colleen Tepe-Hofstetter, and Wayne Wauligman) are being reviewed by member and attorney, Dr. Frank Recker. The GroupMe app is being evaluated by Drs. Andy Dorr, Grace Eichler, April Sprague, and Rick Yauss. Vicki will report back to Council in September if this additional reminder proves to be something that we need.

Program Committee: Dr. Dennis Murphy, next meeting is June 14, 2022.

ODA Updates:

Access to Dental Care: Dr. Terrence Poole, not in attendance, no report.

Annual Session: No report.

Dental Care Programs and Dental Practice: Dr. Chris Heck

- The ODA Day at the Statehouse went well with discussions with legislators on non-covered services (HB 344), Medicaid reimbursement (only a one percent increase in over 20 years and Ohio is well below the national average) and dental therapists.
- The Ohio State Dental Board currently has no executive director, no attorney and three open board member seats.
- The council is submitting resolutions to the 2022 ODA HOD to create an ODA policy on dental benefit subscriber identification and to update the ODA’s policy on pre-existing conditions
- Dentists are encouraged to maintain good patient records, including any implant systems they utilize.

Membership: Dr. Rick Yauss

At their last meeting, the focus was on studying the ADA report on “where are we heading,” specifically, “Navigating the Generational Demographic Membership Shift.” This was distributed via email to Council members for their review.

June Council Meeting Minutes *(continued)*

Subcouncil on Diversity: Dr. Ruchika Khetarpal

The Subcouncil provided the ODA with holidays from diverse backgrounds to be included in ODA correspondence/calendar. Dr. Ken Brandt was selected to receive the ODA Achievement Award at this year's Callahan Dinner. She encouraged everyone to attend and support his accomplishment.

ODPAC: Dr. Matt Parker, not in attendance, no report.

Unfinished Business: None

New Business: None

Dr. Khetarpal announced upcoming events and meeting before she adjourned at 8:00 pm.

August CDS Social Highlights!

August 18th at Little Miami Brewing Company

An amazing night outside with fellow colleague at the Little Miami Brewing Company was our last “CDS Social”! Everyone seemed to have a fun time and are looking for the next one sometime in November!

Mascot - Marley

In attendance: Andy Bartish, Ken Brandt, Jackson Boone, Matt Corcoran, Atul Deshmukh, Andy Dorr, Tom Geiger, Chris Heck, Eric Henize, Steve Johnson, Al Johnston, Ruchika Khetarpal, Daryl Kwan, Bryan Osterday, Matthew Parker, Tom Perrino, Shereen Riedlinger, Fatima Saeed, Mike Schaeffer, Matt Sullivan, Claire Tonnis, Michael Vieth, Alan Weinstein, and James Welland.

OCTOBER

Meetings

October 3: Membership Committee Meeting begins at 6:30 pm.

October 24: Program Committee Meeting begins at 6:30 pm.

CDS Member Event

October 17: “Speedy CE-Modern Topics in Dentistry” – page 17.

Continuing Education

October 21: “ENDO for GPs: Better, Faster & Safer Root Canals” and “ENDO for GPs: Treating Pediatric and Geriatric Patients” by Manor Haas, DDS

Location: Delta Hotels by Marriott, 11320 Chester Road, Cincinnati, OH 45246. 513-771-2080

Schedule: 8:00 a.m. Registration ** 8:30 a.m. Program

Sponsored

In Part by: Advantage Technologies, Cincinnati Insurance Company, GlaxoSmithKline, Key Bank, and Superior Dental Care

Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.

CE Credits: 6.5 CE Credits Hours

First Course Description

If you are nervous about performing root canals, or changing your clinical protocols, then this course is for you. It will be practical, honest, and engaging! You’ll see how root canals have become less stressful and more predictable. The program is tailored to novice and experienced GPs, very informative, easy to follow and clinically relevant. Numerous clinical cases are presented along with HD and 3D videos to highlight key points.

Learning Objectives

1. **BETTER.** Learn how to better: access teeth, locate and instrument cal’d canals, follow canal curvatures, anesthetize (hot) teeth, improve intra-canal medications.
2. **FASTER.** Learn how to be more efficient: locate canals (including MB2), instrument and obturate with fewer steps, and one vs. two appointment endo.
3. **SAFER.** Learn how to separate less files, prevent perforations, avoid canal ledging / blocking, prevent obturation extrusion, reduce post-op pain.

Second Course

This practical course is tailored for novice and experienced dentists who want to know how to better, safer, and more efficiently treat pediatric and geriatric patients. Many tips and tricks will be discussed along with medical and dental considerations specific for the very young and old. These will include management of very large vs. calcified canals, treatment planning, dental trauma management, pre and post treatment medications, and restoration of endo treated teeth.

Learning Objectives

1. Learn how to instrument, medicate, obturate and restore teeth with immature apices, calcified and curved canals (including MB2) and prevention and management of endo complications.
2. Learn about pre and post treatment medication protocols (antibiotics, analgesics) and drug interactions in young and old patients.
3. Understand treatment protocols for dental trauma, facial swellings, and when to endo vs. exo/implant.

About the Speaker

Dr. Manor Haas graduated from the University of Toronto with numerous awards and a Doctor of Dental Surgery degree. After practicing general dentistry for several years, he pursued advanced training in endodontics and micro-

2022 Calendar of Events *(continued)*

surgery at the Albert Einstein Medical Center in Philadelphia, Pennsylvania. There he obtained his specialty certificate in Endodontics. With a master's degree in dentistry and as a Fellow of the Royal College of Dentists of Canada, Dr. Haas holds staff teaching positions at Toronto's Hospital for Sick Children and the University of Toronto Faculty of Dentistry, Department of Endodontics. At the university, he is a lecturer and clinic instructor in the department of Graduate and Undergraduate Endodontics. With his hospital staff position, Dr. Haas provides direct patient care along with specialized training in Pediatric Endodontics to the Pediatric Hospital Residents and Graduate Pediatric Residents.

NOVEMBER

Meetings

November 7: Council Meeting begins at 7:00 p.m. Members who wish to attend should contact Vicki Nixon at 984-3222 or submit your topic/issue via email: vicki@cincinnatiadental.org.

November 14: Finance Committee Meeting begins at 6:30 pm.

November 28: CDS's Oral Health Foundation Board Meeting begins at 6:30 pm.

DDS/Staff CE

November 11: “Regulatory Compliance Checkup for the Dental Office” - pages 15-16.

Continuing Education

November 4: “Executing the Ultimate Doctor Patient Hygiene Exam” and “Invisible Pain: Realities Within the World of Autoimmune Diseases” by Karen Davis, RDH, BSDH

Location: Sharonville Convention Center, 11355 Chester Road, Cincinnati, OH 45246. 513-771-7744

Schedule: 8:00 a.m. Registration ** 8:30 a.m. Program

Sponsored

In Part by: Cincinnati Insurance Company, Elevate Oral Care, Key Bank, and Stock Yards Bank & Trust

Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.

CE Credits: 6.5 CE Credits Hours

First Course Description

Learn how to prevent the “I’ll give you a call...” response from patients following treatment recommendations in the dental hygiene appointment. Capitalize on that magical 5-to-7-minute exam, using continuity between the dental hygienist and dentist, without running everyone’s schedules behind. Strategic screenings provide the pathway for comprehensive diagnosis and treatment enrollment. Learn the art of prioritization, and the value of a “triangle of communication” between the dentist, dental hygienist, and the patient.

Learning Objectives

1. Distinguish screenings that can save lives and save smiles.
2. Recognize strategies to overcome common objections to treatment recommendations.
3. Appraise technologies to increase efficiency and effectiveness of dental hygiene procedures.

Second Course

Within the world of autoimmune diseases our patients may present with varying degrees of pain, fatigue and altered lifestyles as a result. Increased risk of periodontal diseases and dental caries are common hallmarks of many autoimmune conditions fueled by chronic inflammation, a suppressed immune response, and behavioral challenges. Explore risk factors for autoimmune diseases, the implications of immune-suppressing medications, and methods to reduce oral complications.

Learning Objectives

1. Recognize how dental professionals can help improve the journey for autoimmune patients.
2. Identify oral considerations of living with an immune system that attacks itself.
3. Appraise the complexities of various autoimmune conditions.

About the Speaker

Karen Davis received her Bachelor of Science in dental hygiene from Midwestern State University. She is the founder of her own continuing education company, Cutting Edge Concepts®, and currently practices dental hygiene in Dallas, Texas. Her background as a clinician, consultant, and speaker enables her to identify with challenges facing dentistry and offer innovative solutions vital to success in today’s marketplace. Karen serves as a key opinion leader to many corporations and has served on numerous advisory boards in the dental profession. She is an accomplished author, maintains a column in RDH Magazine, and currently serves on the Corporate Council for Dimensions of Dental Hygiene. Dentistry Today has consecutively recognized Karen as a “Leader in Continuing Education” since 2006. Karen is a member of the American Academy of Oral & Systemic Health, the American Academy of Physiological Medicine & Dentistry, the American Dental Hygienists Association, and the International Federation of Dental Hygienists.

December 2: "A Lost Art: Comprehensive Diagnosis and Treatment Planning in the Digital Age"
by Hunter Dawson, DMD

Location: Sharonville Convention Center, 11355 Chester Road, Cincinnati, OH 45246, 513-771-7744

Schedule: 8:00 a.m. Registration ** 8:30 a.m. Program

Sponsored

In Part by Cincinnati Insurance Company, Key Bank, Stock Yards Bank & Trust, and Superior Dental Care

Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.

CE Credits: 6.5 CE Credits Hours

Course Description

In dentistry, many patients can significantly benefit from a multidisciplinary team approach to care. The content of this course will strive to present content to foster creative collaborations in your community to see the possibilities to provide

2022 Calendar of Events (continued)

exceptional multidisciplinary dental care using the latest technology. This is achieved with a thorough exam, detailed diagnosis, and sound communication between all members of the team. The content will share concepts relevant to digital technology, dental implants, orthodontics, and patients presenting with partially and full edentulous situations.

Learning Objectives, To Understand -

1. The value of the team.
2. The use of technology to improve the patient outcome.
3. Basic classifications to improve communications.
4. Comprehensive diagnosis parameters.
5. What belongs in a treatment plan.
6. Building the value of the team to the patient.

About the Speaker

Dr. Hunter Dawson attended the University of Louisville School of Dentistry (ULSD). He also completed his Advanced Education Program in Prosthodontics at Louisville. During residency, his research interest focused on implant abutment materials and design. He focused his patient care on diagnosis and treatment planning of the terminal dentition using the latest digital technology workflows. He has published multiple articles around novel restorative materials using digital workflows utilizing guided implant surgery. Currently, he is the Director of Implants and Innovation at Carolinas Centers for Oral, Facial, Cosmetic, and Dental Implant Surgery and has limited his practice to Prosthodontics with a focus on Implant Prosthodontics. He also holds a position as an adjunct assistant professor at the University of North Carolina School of Dentistry.

THE CINCINNATI DENTAL SOCIETY'S

Regulatory Compliance Checkup for the Dental Office

Speaker: Christopher A. Moore

DATE: Friday, November 11, 2022

CREDITS: 3.0 CE Credits

LOCATION: Sharonville Convention Center, 11355 Chester Road, Cincinnati, OH 45246

TIME: 8:00 a.m. Registration & Continental Breakfast
8:30 a.m. Program by Christopher A. Moore

This course includes information about HIPAA compliance, so we have increased the total time of the course from 2 to 3 hours.

FEES: \$60/Person for CDS Member and their Staff * * \$95 for ADA Member
\$120 for Non-Member

COURSE DESCRIPTION:

Every dental office would like assurance that it is compliant with all the laws and regulations governing the practice of dentistry. Becoming and staying compliant, however, can be an arduous and confusing process. This seminar will provide attendees with practical information and guidance to help them meet their regulatory obligations including the latest state and federal regulations affecting the practice of dentistry, common areas of non-compliance, HIPAA compliance and required annual training for OSHA.

Learning Objectives

- Understand current regulatory issues impacting Ohio dental practices.
- Learn action steps to practically address regulatory compliance issues.
- Meet the annual training requirement of the OSHA Bloodborne Pathogens Standard.

SPEAKER: - Christopher A. Moore

Christopher A. Moore, ODA Director of Dental Services. Chris Moore currently serves as director of dental services for the Ohio Dental Association. He has served at the ODA for 32 years and currently administers the association's third-party payer, peer review, dental practice, and regulatory compliance programs. Chris received a Bachelor of Arts degree from Case Western Reserve University and a Master of Arts degree from Kent State University.

"Common Oral Pathologies" By: Deepak Krishnan, DDS

The oral cavity often presents with a myriad of diseases – inflammatory, metabolic, endocrine, and neoplastic. It is imperative to establish a diagnosis to properly manage these lesions. Some of these lesions require expertise beyond the dental office for both diagnosis and management. This seminar will focus on common oral and oro-pharyngeal lesions, their diagnosis and management for the general practitioner, with practical tips on when to manage these yourself and when to refer to a specialist. Participants will learn, what to look for, what to manage, and when to refer.

Participants will learn: What to look for • What to manage • When to Refer

"Cliff Notes for Pediatric Dentistry" By: Lisa Rudolph, DMD and Petr Vaughan, DDS

Treatment planning the primary dentition can be confusing, but it doesn't have to be. Together we will walk through primary teeth treatment planning and primary pulp basics. Including when to fill, when to crown, when to extract, and when to monitor. We will review space maintenance recommendations and share how Silver Diamine Fluoride has shaped the practice of pediatric dentistry. Along the way we will share tips and tricks to making working with children fun and not stressful!

"Proper treatment planning of the cosmetic patient" By: Fred H. Peck, DDS, FAACD

Proper evaluation of cosmetic treatment involves a set of criteria to evaluate to produce an excellent result when the case is completed. The criteria evaluated will be reviewed along with treatment options.

"Sleep Apnea and its Role in Dentistry" By: Byron Osterday, DDS

We, as dentists, have a vital role in the ever-growing world of sleep apnea. CPAP treatment is the gold standard. However, a majority of the population can't/won't wear a mask. This is where our expertise is necessary. In this talk, current trends in design and theories on treatment will be presented in this ever growing field within dentistry. One will leave the talk with newfound knowledge on the how, when, where and why of treatment modalities.
