“The Most Common Reasons Insurance Claims Don’t Get Paid”

**Speaker:** Christopher A. Moore, Director of Dental Services, ODA

**Guest Speaker:** Manish “Manny” Chopra, DMD, ODA President

---

**Maggiano’s Little Italy, 7875 Montgomery Road**

**Program:** Dental insurance is both a bane and a blessing for most dental practices. Knowing how to effectively address issues related to patients’ dental benefits plans can make life much easier for everyone within the office. This practical seminar will address commonly asked questions and/or misunderstood issues related to patients’ dental benefit plans and help participants bridge the disconnect that often exists between dental offices and insurance companies. The course will also provide participants with practical steps to take to prevent and, if need be, respond to insurance problems they may encounter.

**Speaker:** Christopher A. Moore, Director of Dental Services, Ohio Dental Association. Chris Moore currently serves as director of dental services for the Ohio Dental Association. He has served at the ODA for 35 years and currently administers the association's third-party payer, peer review, dental practice, and regulatory compliance programs. Chris holds a Bachelor of Arts degree from Case Western Reserve University and a Master of Arts degree from Kent State University.

*(This course can count for CE credit as a practice management course. Dentists may count up to six hours of courses in practice management towards their 30-hour biennial CE requirement.)*
