

## CDS November Member Event

### “The Constricted Envelope of Function: Avoiding trouble with anterior wear patients!”

**Monday, November 10, 2025 with Fred H. Peck, DDS, FAACD**

#### Program Description

Proper diagnosis of occlusal disorders is essential in treating patients for long term success. Often a constricted occlusion is mis-diagnosed as occlusal dysfunction or bruxism. Treatments are very different. Case examples will be shown demonstrating both successful outcomes and failures. Treatment options will be discussed.

#### Learning Objectives

1. How to properly evaluate the patient for a constricted envelope of function.
2. When a referral is appropriate and necessary.
3. Learning the importance of the final engineering check.

#### About the Speaker

Dr. Fred Peck is in private practice in Cincinnati, OH. Dr. Peck is an Accredited Fellow of the American Academy of Cosmetic Dentistry and a Fellow of the International College of Dentists. He is a Koiscenter graduate, and Dawson Academy graduate and has published many times on cosmetic dentistry. Dr. Peck lectures on various cosmetic dentistry topics along with teaching hands-on direct resin bonding seminars locally and throughout North America.
